In the Summer of 2020, we will host approximately 75 children, youth and adults through our Summer Camp Program. Your monthly donation of $20 will help subsidize the cost of camp to ensure we can keep camp fees low. During this season of giving, please help us meet our goal of obtaining 75 new monthly donors.

"Our son has made wonderful memories at camp and met some of the most passionate people in his life. I cannot express how much I am truly grateful for our son and our family to have this opportunity. I know he will continue to take his experience and learning lessons with him as he grows and will cherish them all always. Precious Minds really has a special place in our hearts."
