

The Uxbridge Cottage Hospital Foundation and Precious Minds

PERFECT PAIRINGS EVENT

Cancelled for 2020 but we are excited to see you in 2021!

The Uxbridge Cottage Hospital Foundation exists to encourage and accept support from individuals and businesses in order to provide funding for equipment, renovations and/or special projects for the Uxbridge site of Markham Stouffville Hospital. The 20-bed community hospital offers in-patient care, diagnostic and emergency services to people living in Uxbridge and the surrounding area. Since 1999, Precious Minds has been supporting children, youth, and adults with developmental challenges in North Durham to meet their highest potential. We offer programs designed to engage, inspire, and develop skills for life. We provide individualized levels of support to ensure that each participant has the best experience possible. We also provide support for the entire family including educational resources, respite, and family events.

For the past 3 years, the Uxbridge Cottage Hospital Foundation and Precious Minds have hosted a Perfect Pairings event in November where guests enjoy a unique taste experience, and have the opportunity to mingle with wine makers, breweries and local chefs. It is with great disappointment that due to the evolving nature of COVID-19, the social distancing requirements, and facility accessibility we are unable to host this event in November 2020 as planned. We are truly thankful for the support of the local restaurants, breweries, wineries, sponsors, and guests that have contributed to the success of this event over the years. We are excited to be together again in 2021! In the meantime, we are considering other fundraising initiatives to support the valuable contributions our organizations make within our community.

Thank you for your ongoing support, wishing you good health during this time.
